# Inspired by Nature's Canvas

Inspired by the timeless, majestic, and awe-inspiring beauty of nature, the latest colours from Corian® Solid Surface bring captivating style to any environment. Just as a skilled painter or sculptor meticulously crafts their masterpieces on canvas or clay, designers utilize Corian® Solid Surface to create their visions, shaping spaces with a touch of natural elegance and creativity.

Many of the new colours of Corian® Solid Surface contain recycled content, which means you can make a positive impact on your designs and the environment.

The Nature's Canvas portfolio includes the landscape-inspired Terrain Collection; calming and fluid aesthetics from the Artista Collection; iconic stone looks from the Geologic Collection; Terrazzo looks with contemporary, classic colours set in light, neutral backgrounds; and fresh and inspiring aesthetics from the Atmosphere collection.

Influenced by land, water, and air, the new colours from Corian® Design capture the best of nature to create fresh and modern looks in every space.
