The Wilsonart® Decorative Metals Collection

The new 2015 metals will join a timeless group of classic patterns that have remained favorites among designers for their beauty, durability and versatility. Whether used for vertical or ceiling applications or as accent banding on countertops, the Wilsonart Decorative Metals line is surprisingly adaptable and virtually unbreakable. Available in anodized and non-anodized aluminum, the uses and effects of Wilsonart Decorative Metals are only limited by your imagination.

Designs shown are printed reproductions only. For final selection, please see actual samples. Custom widths, lengths, and strips available by special order.
