## Compact – Solid Performance Through and Through.

Sometimes the project calls for a product that's going to stand up to a beating. That's when you can turn to Wilsonart Compact Laminates. Available in more than 220 designs and a range of thicknesses, from 1/10" to 1", Wilsonart Compact features higher impact, moisture, scratch and abrasion resistance than any comparable laminate offering. So the next time you're looking for a durable and coordinated project solution to anything from partitions to wall cladding to work tops, consider Wilsonart Compact Laminates, the perfect combination of high design and high performance.

### Key Features

- Durable, high-impact properties
- Over 220 available designs
- FSC Solutions available upon request
- NSF Certification
- Thickness from 1/10" to 1"
- UL Greenguard Gold

Photo features 6277 AlumaSteel, 10745 Fonthill Pear, and 9036EA Pebble

### SOLICOR™

Wilsonart® Solicor™ is a specialty laminate created with a solid color core – eliminating the black core of traditional compact.

### CHEMICAL-RESISTANT

Specifically designed for environments where chemicals and harsh cleaners are used, our laminate provides exceptional chemical resistance without sacrificing design or style. Please refer to the Compact Laboratory Grade Technical Data sheet for specifications.

### FIRE-RATED

This long-lasting, beautiful laminate surface meets or exceeds the fire codes from a variety of laboratories across the country and comes in a wide range of patterns and colors. All of our compact laminate products, including wall systems, are Class B fire-rated. Class A fire-rated material also available.

### WILSONART VIRTUAL DESIGN LIBRARY

With an ever-expanding collection of new offerings, our Virtual Design Library is the evolution of design choice when it comes to decorative laminate. Our VDL collection offers more than 208 designs not seen on our wallboard. And since neither fashion nor trends take a day off, our VDL line continues to be populated monthly with the latest looks and the boldest colors. So whether it's rustic woods or pressed concretes, bold color-carriers, or something completely off the beaten path, the VDL collection, from Wilsonart, expands your options like never before. Longer lead times apply when specifying Wilsonart (R) Compact Laminates with VDL designs.

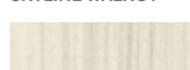

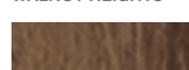

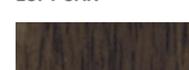

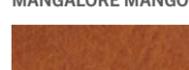

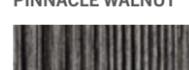

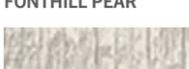

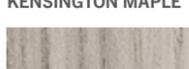

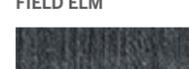

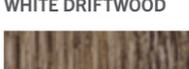

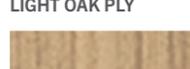

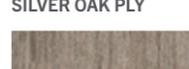

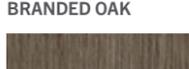

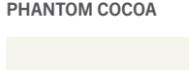

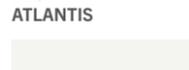

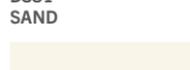

### Wilsonart x You

Sometimes the perfect pattern doesn't exist. At least not yet. That's why we created Wilsonart x You. Entirely custom. Entirely you. Bring us your own artwork, photographs or illustrations and we'll create a laminate that matches your vision. Perfectly.

Wilsonart Laminates are also UL GREENGUARD Gold Certified for low chemical emissions, which can assist you in earning LEED certification.
